

MY FIRST ENTERPRISE – BUSINESS MANAGEMENT TRAINING

Dear teachers,
dear students,

As part of this year's My First Enterprise (MFE) program, we are offering a **business management training** given by **Deloitte Luxembourg**. This **two-hour training** will be conducted by coaches of the company stated above.

Coaches **will come to the schools** to deliver the training. It will take place between **mid-January and the end of the month**. The date and schedule will be determined based on the availability of the teacher and the students.

The objective of this learning session is to discover the different aspects of business management, namely:

- Leadership, Finances, Human Resources, Accounting, Marketing, Social Media, Sale and Teamwork;
- Project management methodology and decision-making process;

To optimize the dynamism of the training session we will, if necessary, perform geographic optimization by regrouping some teams from various schools.

Note that a **participation certificate** will be issued to each student at the end of the session, signed jointly by Jonk Entrepreneuren Luxembourg asbl and Deloitte Luxembourg.

Thus, we would appreciate if you could provide us with your availabilities between January 14th and January 31st 2019, **as soon as possible**.

In addition to the meaningful learning in the context of their project, students will also gain concrete insight about the entrepreneurial and economical world. They will have the opportunity to engage with volunteers from the professional world who will share their experiences and professional knowledge. It is about teaching them the first steps of business management.

Do not hesitate to contact us for any further question.

Best regards.

Jonk Entrepreneuren Luxembourg Asbl
